

Dear parents, caregivers, students and friends of the school.
Tēnā koutou katoa. Ngā mihi nui ki a koutou katoa.

Although winter is upon us, our school continues to be a vibrant and active place. Last week we entered our teams for the 2017 NZCT AIMS GAMES. Preparations are also in full swing for Showcase, which is our annual production, be held in week two of next term.

At Otumoetai Intermediate School we believe that your children deserve to have the best teachers in New Zealand. Consequently, we place a huge, unrelenting focus on teacher professional development and engaging with the best experts we can find to work with our teaching staff. The outcome is every child who attends our school will have their learning accelerated over the two years they are with us.

We are constantly looking for continuous improvement and are currently working with Dr Roberta Hunter on developing Communities of Mathematical Inquiry where students experience greater engagement collaboration in learning mathematics. For further information on this approach go to:

www.educationcounts.govt.nz and look up: BES Exemplars 1

We also have Dr Ian Hunter from Auckland University who is working with us on lifting student writing ability. This is a particular focus on being precise and understanding the different ways sentences can be written to improve the quality of the text. This will enable our students to write accurately at secondary level.

All classes are having a real focus on student learning and we will be reporting to you as parents on Thursday 6th July 2017. These conferences will run throughout the whole day from 7.20 am to 8.00 pm. Meetings will be for 20 minutes to allow the teacher to discuss your child's learning with you and your child, without being rushed.

We ask that you keep your child at home for the day except to accompany you to school for your learning conversation. The school will be open to supervise any students who do not have alternative care arrangements.

You will receive a written summary of your child's progress against National Standards in Reading, Writing and Mathematics as a mid-year checkpoint following the parent/teacher conferences.

PLEASE NOTE: At any time during the year, you are welcome to make an appointment with your child's teacher to discuss their learning or pastoral care.

Nga Mihi Nui

ŌTŪMOETAI COMMUNITY OF LEARNING/ KĀHUI AKO UPDATE 3 28 June 2017

Kia ora Koutou

Since the last update you received from me as the Lead principal for the Ōtūmoetai Community of Learning / Kāhui Ako we have continued to move from the establishment phase to working with teachers and students across and within our nine schools.

What We are Doing and Why

Communities of Learning / Kāhui Ako are primarily about raising student achievement, encouraging a more joined-up, collaborative approach to education. They are about improving student progress, achievement and well-being throughout the learner pathway from Early Childhood Education to Tertiary Education. The development of Communities of Learning / Kāhui Ako are a transformational change within the New Zealand education system and there are a number forming in Tauranga and surrounds.

Overall Governance

The responsibility for governance of our Community of Learning / Kāhui Ako rests with the nine schools' Boards of Trustees collectively. For practical purposes, a Steering Committee has been delegated the task of establishing and overseeing our Community of Learning / Kāhui Ako.

Representatives on this committee are principals and / or senior leaders from each member school, Iwi partners, two x Early Childhood Education (ECE) reps and Ministry of Education advisors. Boards of Trustees Chairs have participated in the past and are welcome at all meetings of this committee.

Our Achievement Challenges

| | |
|---|--|
| STUDENT WELL-BEING / WHOLE CHILD | (Over riding focus for CoL) |
| ORAL LANGUAGE (English) / KŌRERO | (Priority focus in the ECE to Year 3 area of our CoL) |
| KŌRERO TE REO MĀORI | (Priority for Maori medium classes and Te Wharekura o Mauao and an area for development in mainstream classes) |
| READING / PĀNUI | (One of our challenges which goes hand in hand with writing) |
| WRITING / TUHITUHI | (Priority focus in the year 4 to year 13 areas of the CoL) |
| PRIORITY LEARNERS | (These are students with learning support needs and Maori boys in particular) |

Our People

We have appointed six across-school teachers whose role is to develop greater collaboration and assist teachers to build on their teaching practice across our nine schools.

As Lead Principal, I have been meeting with these across-school teachers and they are actively working across the Community of Learning / Kāhui Ako. Their first task was to get to know the schools in their area of work and the staff they would be working with. They are now moving into a stronger collaborative leadership role across our schools and early childhood centres.

Each school was given the responsibility to appoint their within-school teachers and we have 35 of these teachers working in our Community of Learning / Kāhui Ako. Their roles have been defined by each school and are based on specific school needs in meeting our Community of Learning / Kāhui Ako achievement goals.

ECE Involvement

A continuing development in our CoL is the involvement of our Early Childhood Centres and Kohunga Reo. Our 37 local ECE's have come together and are committed to working with our Community of Learning / Kāhui Ako. They have elected two representatives who participate in our Steering Committee meetings. We are also developing closer relationships with our Marae based Kohanga Reo.

The ECE's don't get any funding from the Ministry of Education to join our CoL, however, we have been able to provide their teachers with opportunities to join with us in professional development they may not normally access. Transition is important as children move from ECE to primary school so this is a major focus as well as the acquisition of oral language in the junior area of our Community of Learning / Kāhui Ako

Iwi Involvement

Our Community of Learning / Kāhui Ako is committed to forming enduring partnerships with our Tauranga Moana Iwi.

Marina Kawe-Peautolu, representing Ngati Ranginui Iwi, has been a member of our Steering Committee since its inception and she has been joined by Ngareta Timutimu, representing Ngaiterangi Iwi.

As our Community of Learning / Kāhui Ako develops and builds on collaborative practice between our schools and between teachers in our schools, we recognise and acknowledge the importance of forming close and meaningful relationships with our whanau and Tauranga Moana iwi.

New Learning Support framework Co-construction and Trial

Our Community of Learning / Kāhui Ako has been asked by the Ministry of Education to assist in the development of a new framework for Learning Support. This replaces what used to be known as Special Education and the intent is to create a new streamlined system for parents and schools to access support for students with Learning Support needs.

We have combined with the Whakatane and Taupo Communities of Learning / Kāhui Ako in co-constructing and trialling a new system for referrals and support.

Theresa Rosborough, Deputy Principal at Pillans Point School has been selected to represent the three Communities of Learning / Kāhui Ako as an experienced practitioner who understands the needs and frustrations of students, their parents and schools in accessing the right support for students with additional needs. She has been seconded to work with the Ministry of Education, school SENCOs and Learning Support service providers to assist with the formation of a new system.

A number of consultative meetings were held last term including a parent consultative meeting held at Otumoetai Intermediate School. Over 180 parents came along to find out what is proposed and provided feedback from a parent and whanau point of view.

Here is the latest update from Theresa on how the Learning Support Trial is going:

The new Learning Support system is focused on modernising and improving learning support so that it's easier to access, flexible, child-focused and better connected with the wider education and social sectors.

It's about making sure that schools, Communities of Learning, the Ministry of Education, RTLB and Learning Support service providers work together seamlessly to ensure children and young people get the right support when they need it. Together, with Communities of Learning in Taupo and Whakatane, we are fortunate to have the opportunity to be involved in testing elements of the new system, to better support our children and young people.

Earlier this year, we met with 100 parents from Ōtūmoetai who provided us with feedback on the proposed system for learning support. Using this feedback, and feedback provided from additional meetings with parents from Whakatane and Taupo, we developed and began testing these key elements:

- a learning support facilitator in each Community of Learning who will provide an initial point of access, coordination and ongoing oversight;
- pooling learning support resources and services within each Community of Learning;
- collecting individual student data related to learning support and achievement.

Developing these elements has taken longer than expected, however, sharing information, improving collaboration and building our understanding of how learning support works on the ground, has meant we have a more solid basis for embedding an effective learning support system

Over seven weeks of testing in the Bay of Plenty – Waiariki region, approximately 180 new requests for support have been managed using Learning Support Facilitation.

The Learning Support Facilitator within the Community of Learning is designed as a support and facilitation role. There is a strong preference for this role to be someone known to the Community of Learning / Kāhui Ako and who has built up a knowledge about our schools, community and families / whanau.

Learning from the Bay of Plenty – Waiariki region shows there is the ability to get faster responses that are broader in range to meet the needs of children and young people.

Responses are beyond the one-to-one referral to services and are more flexible than the way Special Education has worked in the past.

The view of Learning Support needs across the Communities of Learning is developing and shows that there will be an ability to be more proactive and plan ahead.

Early Childhood Education (ECE) centres in the localities have been active participants in testing since it started.

Having a dedicated person working with ECE, has demonstrated that effective links can be made between centres and Communities of Learning.

Community of Learning / Kāhui Ako Working Groups

Our Community of Learning / Kāhui Ako is organised into four broad levels and led by learning mentors nominated by and drawn from the nine schools in our Community of Learning / Kāhui Ako.

The learning mentors are Deputy Principals and senior leaders in their own school whose role is to mentor and give advice and guidance to our new across-school and within-school teachers. We have a combination of learning mentors and across-school teachers in each of the following levels and working groups:

- ECE through Year 1 to Year 3, Year 4 to Year 6, Year 7 and Year 8, Year 9 to Year 13.

The across-school teachers have been meeting with their learning mentors and myself as Lead Principal to develop action plans for collaborative practice across our nine schools. The focus for the ECE to Year 3 area is the development of oral language and good progress is being made in linking ECEs with our teachers in Years 1 to 3.

The focus for Years 4 to 6, Years 7 and 8 and Years 9 to 13 is writing. The learning mentors in these areas have brought together student data from across the Community of Learning / Kāhui Ako and are now developing actions for building teacher capacity in specific areas of writing using the Learning Progressions as a basis. We are starting to see collaborative practice within each level, across the levels and between English and Maori Medium schools and classes.

Teachers in each school can expect to become more involved as the across-school teachers make contact with them and start leading collaborative practice across our collective schools.

At this stage, the within-school teachers have been tasked with coming to grips with their roles and developing leadership of collaborative practice in their own schools.

The intent is to have all teachers and school leaders working collaboratively within and across our schools in partnership with our key stakeholders: parents and students in lifting student achievement in the achievement challenges above.

Professional Development for Teachers

A lot of professional development is happening within and across our schools in oral language, writing, and mathematics. Our schools have begun to work together in delivering professional development to all teachers in our Community of Learning / Kāhui Ako and we are seeing the benefit of collaboration and the sharing of ideas between teachers as they meet and work with colleagues from other schools in our Community of Learning / Kāhui Ako.

Student Well Being / Hauora as an Overall Focus

Now we are up and running in the collaboration between schools, we are turning our attention to student well-being as an overall focus. This includes the students' self-efficacy, sense of belonging, valuing each student's culture, attendance at school, engagement with their learning, having a growth mind-set and emotional resilience.

We are looking to create a snap shot of how we are doing so far as schools in our Community of Learning / Kāhui Ako. This will be done next term by surveying students, parents and teachers using a survey developed by the New Zealand Council for Educational Research.

From this survey we will be able to identify what needs to be done to strengthen our students' well-being as a precursor to success in their learning.

Nga mihi nui,
Henk Popping
Lead Principal

MORNING BELL

Please note that the first morning bell is at 8.45 am. Please ensure that students arrive before this time.
Any students arriving late need to sign in at the absentee desk in the resource room.

SCHOOL DONATIONS

We would really appreciate receiving a donation from every family to help us provide your child with a quality education. If you have forgotten to make your donation, we really need your support.

THE 2017 NZCT AIMS GAMES ARE GOING TO BE MASSIVE

AIMS Games entries smash all records. This elite sporting competition for Years 7 and 8 students over 21 sports is the biggest yet. This year the tournament has grown to 303 participating schools with over 10,138 intermediate-aged athletes coming to Tauranga from all over New Zealand. There is also an international flavour to the competition with schools from Australia, Cook Islands and Indonesia.

The 2017 AIMS Games will run from Sunday 10th to Friday 15th September 2017 at a range of venues across the Western Bay of Plenty.

Our school is one of the four founding and hosting schools with students participating in most of the sports offered. Last week we entered 36 teams which involves 350 students for the 2017 NZCT AIMS Games. Payments have been loaded to your school account and statements sent home. Payments can be made in instalments as long as it is paid in full two weeks after receiving your notice.

Our school has a proud tradition of success at these games and has consistently been placed in the top ten in the number of medals won. This premier sporting event for 11, 12 and 13 year olds is a strategic partnership between Sport Bay of Plenty, Tauranga City Council and the four Bay of Plenty intermediate schools.

For information about the AIMS GAMES go to www.nzaimsgames.co.nz.

MID-YEAR PARENT-TEACHER CONFERENCES AND WRITTEN REPORTS REMINDER

When: Thursday 6th July 2017
Time: 7.30 am to 8.00 pm

Just a reminder that the parent-teacher conferences will run throughout the whole day and will be of 20-minute duration. This is to allow parents to have quality discussions with the teacher around their child's learning and progress at school. We ask all parents to keep their child at home for the day except to accompany you to school for your meeting with the teacher. The school will be open to supervise any students who do not have alternative care arrangements.

Interviews will be booked through www.parentinterviews.co.nz. Students have been given information with detailed instructions on how to book your interview. **This includes an event booking code of YQQK4.**

FOR ROOM 14 ONLY: Parent Teacher Conferences will be held on Wednesday 5th July and the event code is 6EGRA.

Please note Room 6 will be holding their parent teacher conferences next term.

KNOWLEDGEATHON 2017

Overall Target - \$10,000.00

We appreciate our families support for this and hope each student will raise at least \$10.00.

Each student has a 2017 ID card and sponsorship form for when they are collecting their sponsorship monies. All money is now due in. Class and individual prizes will be given out at the end of term.

All businesses and personal sponsorship is able to be receipted as a donation. Please contact Barbara at the school office for more details on 576 5105.

TERM DATES AND HOLIDAYS 2018

- Term 1 Thursday 1st February to Friday 13th April 2018
- Term 2 Monday 30th April to Friday 6th July 2018
- Term 3 Monday 23rd July to Friday 28th September 2018
- Term 4 Monday 15th October to Tuesday 18th December 2018

Teacher Only Day

- Monday 21st May 2018

2018 Public Holidays

- Waitangi Day Tuesday 6th February 2018
- Easter Friday 30th March to Tuesday 3rd April 2018
- Anzac Day Wednesday 25th April 2018 (falls inside school holidays)
- Queen's Birthday Monday 4th June 2018
- Labour Day Monday 22nd October 2018

PAPER AND CARDBOARD RECYCLING

We are collecting all your clean paper, newspaper and cardboard at the front of the school.

For every tonne we collect, the school receives \$50.00.

Recycling can be dropped off Monday to Friday during school hours.

LEADERSHIP CAMP

Tauranga, Mount Maunganui and Otumoetai Intermediate Student Leaders went to the Combined Leadership Camp at Ngamuwahine Lodge recently. It was a huge success and the 23 students who attended the camp from Otumoetai had a fantastic time and did our school proud.

Before heading to camp, the students were challenged to learn a 2-3 minute speech about a leader who inspires them. Listening to the well-crafted, well-presented speeches was really rather a privilege. As a teacher, I was entertained, informed, and yes, even brought to tears on a couple of occasions! It was refreshing to hear a group of young people who are grateful for those who support and inspire them in their lives. There were stories about overcoming adversity and amazing achievements. We heard about the famous stars and the unsung heroes who inspire us within our families and communities. Standing in front of a group of talented peers was a daunting task, especially given that cue cards were a strict no-no.

Over the course of the three days, the students learnt a lot about leadership. From developing self-awareness through the Tetra Map exercise, to overcoming a fear of heights on the high ropes, there was something on the agenda to push everyone. One highlight was the visit from Mt Maunganui College leaders who taught us about culture and a little Te Reo. Other workshops involved the empowering self-defence course, bush survival and problem solving with Sport BOP Lead It. Mention must be made of the line-dancing craze that swept through camp. 'Achy Breaky Heart' rang in our ears on many occasions during the three days, and it was such a sight to see 66 young people busting out some very cool line dancing moves in near perfect unison!!

Thanks to a great group of parents, we were extremely well fed. We also experienced the extra bonus of some late night 'pyrotechnics', thanks to the knowledge and passion of Terry Smith, one of our camp dads. As a result of this awesome experience, I have no doubt that all students came away with new skills, heightened self-awareness, new achievements and new friends. The relationship between our three schools is alive and well. Thank you to my fellow organisers- Kathy Colville from TIS and Meliisa Nelson from Mount Maunganui. It was a pleasure 'doing time' at camp with you.

Ali McPike, Student Support

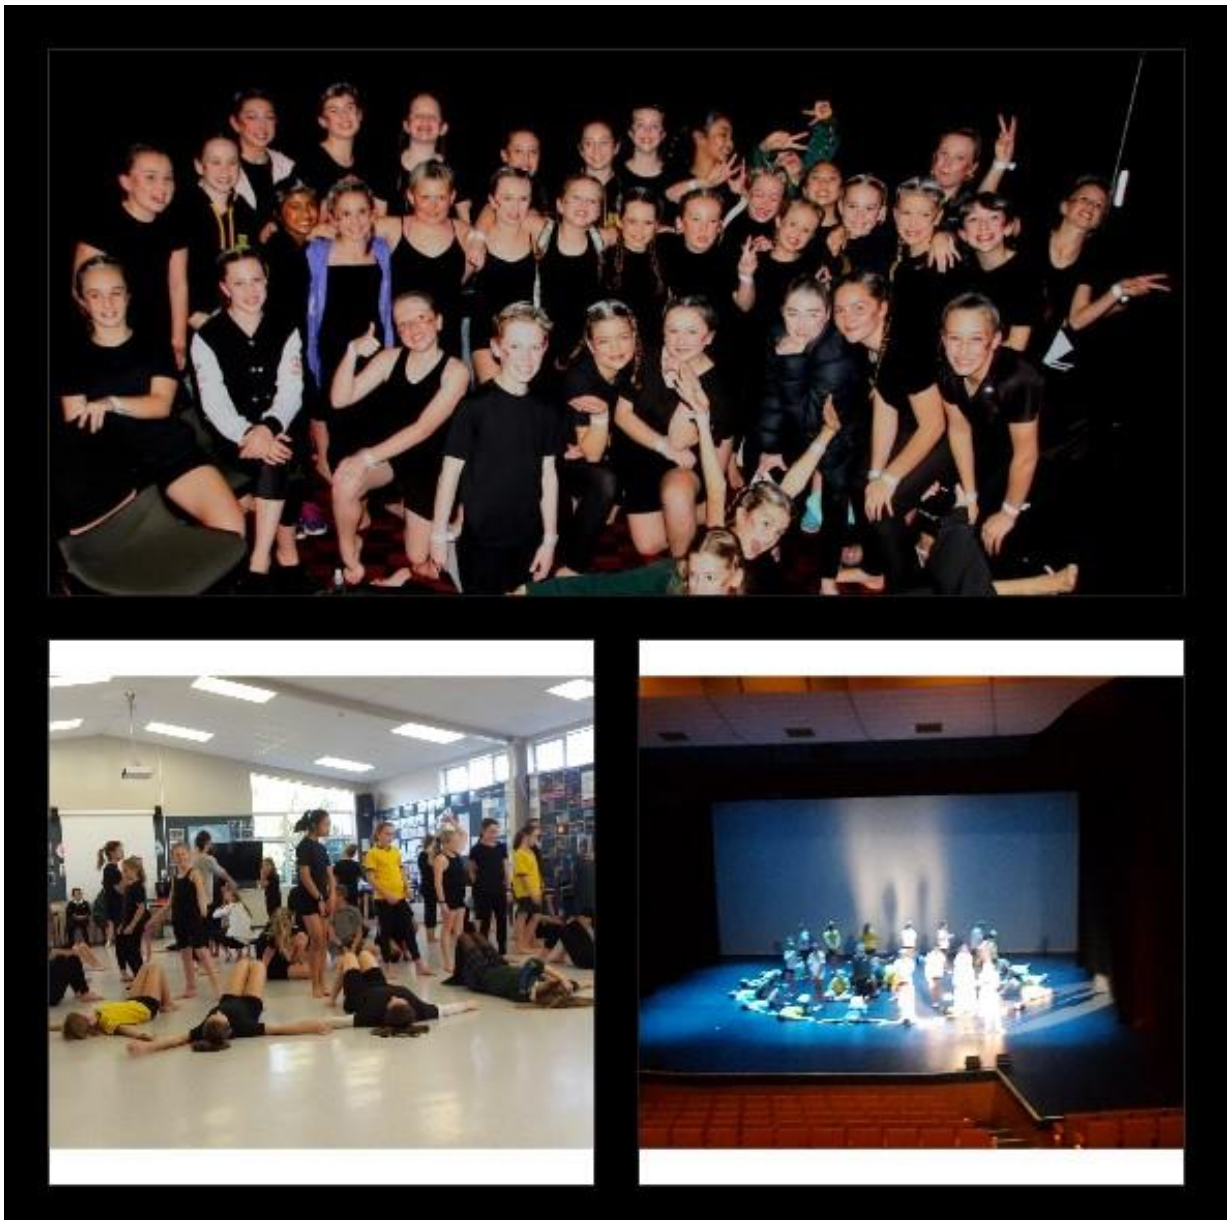

FRESH MOVES DANCE FESTIVAL 2017

On Wednesday 21st June, 42 students participated in the annual BOP Fresh Moves Dance Festival, held at the Baycourt Addison Theatre. This year's theme was "Reflection" and the dance group embraced this by using many of the dance elements and choreographic devices to show their understanding and reflect this in their performance. Freya Schulz was the student representative who introduced our school, was asked some performance-related questions afterwards, and collected our certificates in the award ceremony.

The judges commended the school's performance on originality, spatial awareness (because of such a big group!), great display of dance ability range, and enthusiasm. All of our students committed themselves to hours of lunchtime rehearsals, and their dedication paid off! Whilst we were very excited on the night, we kept our composure and pulled off an effortless performance!

Dayna O'Sullivan, Dance & Drama Teacher

A SHED'S TALE ...

Pythia who, and what's this 3, 4, 5 thing you're talking about? That was part of the learning that the boys from Room 15 had to undertake before starting to build the new lost property shed.

The layout was drawn to scale on the floor of the classroom in chalk and from there measurements were made to ensure that Council specifications were met so that purchasing of materials could go ahead. One of our Teacher Aides, Martin, oversaw the layout and the digging of the foundations. Once the piles were in they were cemented into place by concrete kindly supplied by Allied Concrete. The students worked alongside Teacher Aides, Martin and Ole, to prepare the subfloor and subsequent framing. As the work became more technical, Martin's roll intensified and the students found out what it was like to be a 'chippies' labourer.

All the way through the project the boys were exposed to real life math and working through the problems of a building site. 'Measure twice, think twice and cut once' became the mantra and gradually the building took shape. The need to have the building completed as quickly as possible necessitated in hiring a couple of builders to close it in.

Now it is at a lockup stage and not too far to go before it is a functional working space.

Greg Parker, Teacher

COMMUNICATING WITH PARENTS

More and more of our school information is available electronically and we have two apps which are great for your mobile phones. The Findus App at www.findus.co.nz/otumoetaiintermediateschool enables you to access the information shown below. The PTC App enables you to access our school calendar directly on your mobile phone. This is updated regularly. All families who have provided us with their email addresses have been loaded onto our School-Links system and will receive notifications and other school information.

SPORTS NEWS

Inter-Intermediate Sports Competitions:

Gymsport Competition

On Friday 9th June, 47 students participated in the ARGOS Gymsport Festival. Students competed in either rhythmic, artistic, or trampolining throughout the day, some competing in a variety of these. We had a great day with some fantastic results. It was a good experience for many as this was their first time participating in gymsport.

- Twisters Girls Trampoline - 1st place Sarina Hooper
- 3rd place team - Nina Miedema, Sarina Hooper, Jessie Hood and Deahna Gray.
- Twisters Boys Trampoline - 1st place Harvey Hinde
- 1st place team - Harvey Hinde, Ronan Richardson, Reuben Timms and Jean Roux.
- Flyers Girls Trampoline - 1st place Simone Bowring and 2nd place = Sophie Smith
- Springers Boys Trampoline - 2nd place Callan Herring
- Open Junior - 1st place Blake Travers
- Open Rhythmic - 2nd place Ashleigh Strawn
- Open Artistic - 1st place Lily Collier
- Twisters Rhythmic - 2nd place Ella Douglas

Mountain Biking – Sportsmanship - Citizenship

We would like to recognize one of our pupils, Rhys Taylor, who stopped to help a fellow competitor that had broken his arm at recent Mountain Biking Competition in Taupo. In doing so, he forfeited his own race. We would like to acknowledge the wonderful compassion and sportsmanship Rhys showed to this injured boy.

Rock Climbing

Our school had the smallest team in the competition held in Taupo but we came home with two medals! Eva Karena was fabulous and got gold for year 8 girls and Adam Wilton got a silver in the table climb.

Squash

Some great results from our Squash team who placed 2nd overall at the recent competition in Tauranga. Joel Kennerley placed 1st in the Division 1 Graded Boys, Matthew Cartwright placed 3rd in the Division 2 Graded Boys and Kayla Bowles placed 2nd in the Division 1 Graded Girls.

Out of School Sports:

Aerobics

Jessie Phillips competed in an Aerobics competition and was 1st = in the Individual Midland Champ and 1st in the Trio. Jessie also competed at the Aspire Aerobics Challenge in Auckland and placed 4th in the Individual and 1st in the Trio.

Equestrian

Mackenzie Morgan competed well at the Greerton Final Gymkhana and received 1st place x 3, 2nd place x 3, 3rd place x 1 and 4th place x 3. She also got the Reserve Champion Junior Rider Award.

Naomi Mortimer competed at the OTPC End of Season Gymkhana and got 1st place x 3 along with a 3rd and 4th placing.

Football

Maia Clark-Smith, Lara Rickey, Halle Carr and Laine Brader-Steed have all been named in the WaibOP Under 13 Football Rep Team.

Futsal

Thomas Page has been named in the Futsal Under 12 National Team.

Gymsport

Harvey Hinde successfully competed at the Taupo - Mt Tahara Gymsports Competition with the following placings: 1st place in Vault, 2nd place in Team, 3rd place in High Bar and Rings and 3rd place Overall. Harvey competed in a competition held in Rotorua and placed 2nd in the Vault.

Lily Collier also competed in Taupo and placed 1st in Floor and 2nd in Vault and Bar.

Mount Joggers

Lulu Johnson and Charo Heijnen competed in the Mount Joggers 5 km Run with Lulu placing 2nd Overall and 1st female over the line and Charo hot on her heels with 3rd overall and 2nd Female.

Netball

The Year 7 A Netball Team competed recently at a Netball tournament and came 1st place in Year 7 Division and the Year 8 Purple Netball Team came 1st place in Year 8 Division 2.

OzTag

Earlier this year Kallai Kahotea was selected at the Queensland State cup to represent Queensland City in a Tri Series against Queensland Country and Queensland Barbarians. Her team won the tournament undefeated and she has been selected for the Queensland Under 13 girls team, consisting of the top 16 players in Queensland.

Synchronised Swimming

The North Island Champs were recently held for Synchronised Swimming. Sophie Black placed 2nd with her team in the 12 and Unders. Chloe Boyt and Ameerah Wilson placed 1st in the Dolphins Team Event.

Squash

Toby Elsom played in the Werder Junior One Day Tournament in Paeroa on Sunday and came first in his division. Last week he played in the Junior 900 Eye Series in Edgecumbe and also came first in his division.

Swimming

Some of our students competed at the Taupo XLR8 swim meet a couple of weeks ago with the following placings:

- Mason Kritz - 1st place in 100 IM, 2nd place in the 50 Breast and 100 Breast and 3rd place in the 50 Free
- Lulu Johnson - PB in all her races, Lulu made all the finals and placed 4th in the 50 Breast.
- Jacob Reeder - 3rd place in the 50 Breast, 4th place in the 100 Fly and made finals for a few other races.
- Te Manewha Rikihana - 1st place in the 400 Free, 200 IM and 200 Back, 3rd place in the 50 Free and 100 IM

Tae Kwon Do

Dakota Filer placed 3rd in Sparring at the Under 18 competition held recently at the QEYC in Tauranga.

Wrestling

Seth Burgess competed in the North Island Champs and placed 2nd in the 10 - 13 age group.

ENTERTAINMENT BOOKS

The NEW Entertainment Memberships are here!

SCIENCE HOLIDAY PROGRAM

Week 1 - July 10 - 14

Fabulous Physics

Student will explore light and sound and experience physical phenomena such as magnetism and electricity. Hands on investigations will include building bridges, planes and experimenting with forces.

Options for discovery are endless in this fascinating area of science!

Monday-Friday, 9am – 3pm.

\$250 for the week

SCIENCE HOLIDAY PROGRAM

Week 2 - July 17 - 21

Robotics

Spend a week working with your partner to build, program and compete a VEX-IQ robot. The week culminates in a tournament on the Friday.

Numbers are strictly limited to 24 students.

Monday-Friday, 9am – 3pm.

\$250 for the week

Book Now, Spaces filling fast!

Contact House of Science 07-571 0711 or book online at www.houseofscience.nz

HOLIDAY PROGRAMME

This is a fun based dance programme which gives children the chance to try out a wide range of dance styles including Hip Hop, Jazz, Acro-Dance (gymnastics based), Contemporary, Singing & Confidence Building Exercises. Book for any number of days.

Plenty of other fun activities including games, outdoor activities and art & craft.

WHERE: Otumoetai Primary School Hall

HOURS: 8.00am-5.30pm

WHEN: Monday 10 July to Friday 14 July
Monday 17 July to Friday 21 July

COST: \$40 per day

- You must bring your own hockey gear, mouth guards, and water. You will not be allowed to take part without a mouth guard.

NZ REGIONALS IYSFF YOUNG FILMMAKERS WORKSHOPS

Last year we had a very successful one-day young filmmaker's workshop in preparation for the inaugural 2016 NZ Regionals of the International Youth Silent Film Festival. This year we are expanding it to four days so that the students get to actually make a silent film together, this process will set them up to then create their own film to enter into the IYSFF NZ Regionals 2017.

The tutors for the four day workshops are Anton Steel, Bay of Plenty Film General Manager, who has worked as a Director, 1st Assistant Director and Producer for over 20 years. Tanya Horo founder and Talent Manager of TMH Management who is a celebrated artist with more than 15 years' experience as an actor, singer and writer and other specialist tutors in art direction and editing.

You can choose specific days to attend but attending the full week will take you from the beginning of the film making process right to the end...you will collaborate through job sharing processes and together you will make a silent film.

Day One (Monday 17 July 9am – 4pm): Writing the first draft of your silent film

- An interactive day on scriptwriting and storyboarding. Shaping your own script to the IYSFF musical tracks and a classic 3 act film structure

Day Two (Wednesday 19 July 9am – 4pm): Prepping your short film

- Casting, rehearsing actors, sourcing props and planning your shoot. The tutors will run through the preparations for the silent film in which the students will work on the following day

Day Three (Thursday 20 July 9am – 4pm): Learning on the job – shooting a short film

- Shooting the film. The students will be guided by the tutors and shoot the silent film taking turns in directing, shoot shots and in the art department as well as possible featuring in the film

Day Four (Friday 21 July 9am – 4pm): Editing – Putting the jigsaw puzzle together

- There are three films you make, the film you write the film you shoot and the film you edit. At four different workstations, you will edit the footage from the previous days shoot. At the end of the day, we will screen the final film for parents.

Prices:

- ✓ Ages from 8 years to 20 years.
- ✓ Student per single day \$42.00/four day package \$148.00
- ✓ Filmmakers who entered a film in 2016 NZ Regionals per single day \$40.00/four day package \$140.00
- ✓ Attendees from last year's workshop per single day \$35.00/four day package \$120.00
- ✓ Each four-day package saves you \$20.00
- ✓ There are only 30 places available so you had better get in quick!

School Holiday Programme

All Day Programmes

8.30am-5pm Monday to Friday, \$45 per day

For ages 7-13 years

Book online at waikatomuseum.co.nz

Share the fun on the weekends with our free *Permian Monsters* colouring competition (see website for details)
